

## 1.2 ENVIRONMENTAL POLICY STATEMENT

### **CLOSE UK Limited undertake to:**

- To ensure compliance with all environmental statutory and regulatory requirements.
- To comply with our clients' environmental policy requirements in respect to our undertakings.
- Identify and evaluate the environmental consequences of the Company's activities.
- Promote and support 'best practice' for maximising environmental benefit, to encourage environmental improvement and minimise the potential for environmental damage that may be caused by our operations
- To educate and train our employees to promote awareness and understanding of the environmental issues.

And;

Ensure that all sub-contractors employed by ourselves demonstrate compliance with our environmental policy and best practice procedures.

Where applicable, liaise closely with statutory and local authorities, clients, third party organisations and the general public in relation to environmental issues.

Review our environmental performance and that of our sub-contractors by regular auditing operations, to identify and rectify any deficiencies and promote continuous improvement of our environmental performance.

Establish and maintain an effective Environmental Management System to complement our core business operations, supported by proven Environmental Consultants where necessary.

To continually develop and improve our environmental performance and management system, to reduce our impact on the environment.
